BERMONDSEY

the next chapter

The unique Bermondsey blend of old and new, art and commerce, street smart and exclusive, has made it one of the most fascinating London neighbourhoods. All of this makes it the perfect setting for London Square Bermondsey, where we are creating an outstanding range of 1, 2 and 3 bedroom apartments, maisonettes and workspaces in a collection of heritage and contemporary buildings. It is a unique development that brings together life, work, art and leisure: the new heart and soul of SE1.
